

FY22 Flexible Support Panel Rating Guide

Program Purpose

The Flexible Support grant provides up to \$15,000 in funding to help groups **create access to the arts** and **stay connected to audiences/communities** in Minnesota.

Criteria

Criteria are the lens through which panelists are asked to focus their review. MRAC believes that stronger applications demonstrate a group has clear goals, an effective project design, and the necessary relationships to make the work meaningful to the community. Therefore, the review criteria are: **Group & Project Goals**, **Project Design**, and **Relationships**. A highly rated application will clearly demonstrate how each criterion aligns with the others.

Rating Scale

Panelists will rate each criterion from 1 to 5, where 5 is the top score. Criteria ratings are then combined for a total application score of 3 to 15. Scores are then averaged across panelists for a final rating. Panelists are asked to use the full scale as they rate applications.

- 1 - The criterion is not addressed, or is significantly misaligned with other criteria.
- 2 -
- 3 - The criterion is addressed vaguely or generically, an unclear or questionable alignment with other criteria.
- 4 -
- 5 - The criterion is addressed with robust specificity and intention, clear alignment with other criteria.
