

# Appendix: Have an awarded or pending MRAC Grant

We strongly encourage applicants who have awarded grants or plan to apply for multiple MRAC grants this fiscal year to request a meeting to discuss your specific situation further.

## Must be a distinct project

**Project activities and expenses that are included in another awarded or pending MRAC grant are ineligible.** If you include a given expense in your project budgets, you may not include this same expense in any other grant proposal you submit to MRAC. In other words, a project or program can only be funded by one MRAC grant.

## We received a pre-FY23 Flexible Support grant

Groups are not allowed to have two awarded Flexible Support grants at once. If awarded a new Flexible Support grant in FY23, grantees **must** close out their pre-FY23 Flexible Support grant before a new grant agreement and funds are released. To close out your pre-FY23 Flexible Support grant, all activities must be complete (all project activities described in the grant are finished and all grant funds have been spent).

The pre-FY23 Flexible Support Proposal End Date **cannot** overlap with your new Flexible Support FY23 Proposal Start Date. Groups that received a pre-FY23 Flexible Support grant may be eligible to apply if:

The pre-FY23 Flexible Support grant activities are complete (all project activities described in grant are finished and all grant funds have been spent) before the dates listed below. Specifically, applicants can confirm this by reviewing the **Proposal End Date** field in your application and grant agreement—all available in the online grant interface.

For **Round 1** (deadline August 1, 2022): Your pre-FY23 Flexible Support grant project must be complete and have a Proposal End Date on or before **November 22, 2022** to be eligible to apply.

For **Round 2** (deadline February 13, 2023): Your pre-FY23 Flexible Support grant project must be complete and have a Proposal End Date on or before **May 30, 2023** to be eligible to apply.

## **How to change your Proposal End Date**

You may request a project change to the Proposal End Date listed in your grant if your grant activities are, or will be, complete earlier than originally anticipated. Visit the [Project Changes page](https://mrac.org/grants/project-changes) (mrac.org/grants/project-changes) to learn more and submit a project change request.

Please submit a project change request to the Proposal End Date by two weeks before the application deadline.

**For Round 1:** You must submit a project change request by July 18th, 2022.

**For Round 2:** You must submit a project change request by January 30th, 2023.

Project changes received after these dates may affect the eligibility of your new proposal.

## **Can we also apply for an Arts Impact for Groups grant this fiscal year?**

Eligible groups may also apply to the Arts Impact for Groups grant. The Arts Impact for Groups application activities and expenses must be distinct from your Flexible Support application.

## **If awarded in Round 1 are we allowed to apply for Round 2?**

Groups may only receive one Flexible Support grant during the MRAC fiscal year (July 2022 to June 2023). If you receive a grant in Round 1, you are not eligible for Round 2. You will know whether you received funding in Round 1 before the application for Round 2 opens.
