

# Appendix: Have an awarded or pending MRAC Grant

We strongly encourage applicants who have awarded grants or plan to apply for multiple MRAC grants this fiscal year to request a meeting to discuss your specific situation further.

## Must be a distinct project

**Project activities and expenses that are included in another awarded or pending MRAC grant are ineligible.** If you include a given expense in your project budgets, you may not include this same expense in any other grant proposal you submit to MRAC. In other words, a project or program can only be funded by one MRAC grant.

## I received a FY22 Arts Impact for Individuals grant

Individuals are not allowed to have two awarded Arts Impact for Individuals grants at once. If awarded a new Arts Impact for Individuals in FY23, grantees **must** close out their FY22 Arts Impact for Individuals grant before a new grant agreement and funds are released. To close out your FY22 Arts Impact for Individuals grant, all activities must be complete (all project activities described in the grant are finished and all grant funds have been spent).

The FY22 Arts Impact for Individuals Proposal End Date **cannot** overlap with your new Arts Impact for Individuals FY23 Proposal Start Date. Individuals who received a FY22 Arts Impact for Individuals grant may be eligible to apply if:

The FY22 Arts Impact for Individuals grant activities are complete (all project activities described in grant are finished and all grant funds have been spent) before **April 25, 2023**. Specifically, applicants can confirm this by reviewing the **Proposal End Date** field in your application and grant agreement—all available in the online grant interface. Your FY22 **Proposal End Date** must be on or before April 25, 2023 to be eligible to apply.

## **How to change your Proposal End Date**

You may request a project change to the Proposal End Date listed in your grant if your grant activities are, or will be, complete earlier than originally anticipated.

Visit the [Project Changes page](https://mrac.org/grants/project-changes) (mrac.org/grants/project-changes) to learn more and submit a project change request.

Please submit a project change request to the Proposal End Date by two weeks before the application deadline, November 28, 2022.

Project changes received after November 28, 2022 may affect the eligibility of your new proposal.
