

Appendix: Have an awarded or pending MRAC Grant

We strongly encourage applicants who have awarded grants or plan to apply for multiple MRAC grants this fiscal year to request a meeting to discuss your specific situation further.

Must be a distinct project

Project activities and expenses that are included in another awarded or pending MRAC grant are ineligible. If you include a given expense in your project budgets, you may not include this same expense in any other grant proposal you submit to MRAC. In other words, a project or program can only be funded by one MRAC grant.

We received a pre-FY23 Arts Impact for Groups grant

Groups are not allowed to have two awarded Arts Impact for Groups grants at once. If awarded a new Arts Impact for Groups grant in FY23, grantees **must** close out their pre-FY23 Arts Impact for Groups grant before a new grant agreement and funds are released. To close out your pre-FY23 Arts Impact for Groups grant, all activities must be complete (all project activities described in the grant are finished and all grant funds have been spent).

The pre-FY23 Arts Impact for Groups Proposal End Date **cannot** overlap with your new Arts Impact for Groups FY23 Proposal Start Date. Groups that received a pre-FY23 Arts Impact for Group grant may be eligible to apply if:

The pre-FY23 Arts Impact for Groups grant activities are complete (all project activities described in grant are finished and all grant funds have been spent) on or before **May 31, 2022**. Specifically, applicants can confirm this by reviewing the **Proposal End Date** field in your application and grant agreement—all available in the online grant interface.

How to change your Proposal End Date

You may request a project change to the Proposal End Date listed in your grant if your grant activities are, or will be, complete earlier than originally anticipated. Visit the

[Project Changes page](https://mrac.org/grants/project-changes/) (https://mrac.org/grants/project-changes/) to learn more and submit a project change request.

Please submit a project change request to the Proposal End Date by November 7, 2022

Project changes received after these dates may affect the eligibility of your new proposal.

Can we also apply for a Flexible Support grant this fiscal year?

Eligible groups may also apply to the Flexible Support grant. The Flexible Support application activities and expenses must be distinct from your Arts Impact for Groups application.
